EDUCATION

CARNEGIE MELLON UNIVERSITY – TEPPER SCHOOL OF BUSINESS

Pittsburgh, PA

M.S. in Business Analytics

Aug 2026 – May 2027 (Expected)

- Focus: Business analytics, machine learning, optimization, data-driven decision-making, and technology strategy

NATIONAL YANG MING CHIAO TUNG UNIVERSITY (NYCU)

Taipei, Taiwan

M.S. in Biophotonics

Sep 2024 – Jun 2026

- Honors: Outstanding Thesis Award; Outstanding Oral Presentation Award, AMLDS 2026
- Leadership: Institute Degree Conferral Representative

NATIONAL YANG MING CHIAO TUNG UNIVERSITY

Taipei, Taiwan

B.S. in Biomedical Imaging and Radiological Sciences, Minor in Biomedical Engineering

Sep 2020 – Jun 2024

- Honors: Honor Student Award; Leadership: President, Department Student Association

EXPERIENCE

AI IN MEDICAL IMAGING LAB, NYCU & AITEWAN BIOMEDICAL TECHNOLOGY

Taipei, Taiwan

Research Assistant / Project Lead, NYCU

Feb 2023 – Jun 2026

Product Manager, AITEWAN

Jul 2024 – Jun 2026

- **Clinical AI Translation:** Converted brain tumor MRI research into a deployable workflow at two medical centers, supporting radiologist lesion review and achieving 91% tumor-type classification accuracy across 10,893 cases.
- **Product & Regulatory Execution:** Led an AI-assisted brain tumor detection product through TFDA submission, supporting commercialization and hospital deployment readiness.
- **Stakeholder Alignment:** Coordinated physicians, engineers, executives, and regulatory stakeholders to translate clinical workflow needs into product scope, timelines, and validation priorities.
- **Product Validation:** Supported AITEWAN's participation in the 2024 Taiwan Medical Informatics Connectathon, contributing to Level I capability-statement validation for medical imaging workflows.
- **Research & Communication:** Led grant-funded brain and cardiac imaging projects, including a CT angiography model achieving 92% accuracy across 308 cases; presented findings internationally.
- **Process Improvement:** Consolidated fragmented TFDA records into a cloud-based tracker, improving document retrieval and version control across submission files.

BIOMEDICAL IMAGING PHYSICS & INSTRUMENTATION LAB, NYCU

Taipei, Taiwan

Test Manager / Research Assistant

Jun 2021 – Feb 2023

- **Regulatory Testing:** Conducted third-party testing for eight ionizing-radiation equipment products and delivered 10+ regulatory certification reports, helping five clients prepare compliance evidence for product review.
- **Audit & Analytics Operations:** Coordinated two government audits and client seminars; built MATLAB tooling adopted by two university labs to standardize bone mineral density quantification.

DEPARTMENT OF RADIOLOGY, NATIONAL TAIWAN UNIVERSITY HOSPITAL

Taipei, Taiwan

Clinical Intern

Jul 2023 – Jan 2024

- **Clinical Operations:** Supported diagnostic imaging and radiation therapy workflows across clinical units; received a Certificate of Excellence.

SKILLS & CERTIFICATIONS

- Technical Skills: Python, SQL, MATLAB, pandas, NumPy, scikit-learn, XGBoost, PyTorch, TensorFlow/Keras, BigQuery, Git, MLflow.
- Medical Imaging: MONAI, SimpleITK, NiBabel, 3D Slicer.
- Certifications: Licensed Medical Radiation Technologist, Taiwan Ministry of Health and Welfare (2024); 15+ certificates in AI, data science, database systems, and visualization from Harvard CS50, IBM, Google, and UC Davis.
- Selected Publications & Presentations: MIDL 2026; IEEE AMLDS 2026; TSBME 2024.

INTERESTS & AFFILIATIONS

- Volunteer Experience: Blood donation services, Lions Clubs International; fundraising and environmental service, Interact Club / Rotary Youth Program
